

BERFİN ÇAKMAK

Software Engineer

ABOUT ME

A motivated and detail-oriented Software Engineer with a strong passion for continuous learning and professional growth. I value teamwork and have a genuine enthusiasm for learning new technologies. I enjoy tackling complex challenges and developing innovative software solutions. My goal is to keep improving my skills across different areas of software development while delivering clean, efficient, and reliable code.

➤ **EXPERIENCE**

NAS GRUP BİLGİ VE İLETİŞİM TEKNOLOJİLERİ

Software Support & Development Assistant

Jan 2025-Present

- Supporting internal software processes by assisting with feature updates, debugging, and documentation.
- Contributing to data validation and basic SQL queries for system accuracy and reporting.
- Collaborating with the development team on small-scale improvements and issue tracking workflows.
- Gaining hands-on experience in software maintenance, user feedback handling, and technical support tasks.

BAŞARSOFT

Summer Intern as Web Developer

01 July 2024-12 Aug. 2024

- Contributed to the development of a map-based web application using C#, JavaScript, HTML, CSS, and PostgreSQL within an ASP.NET Core Web API project.
- Gained practical experience in GIS technologies, database integration, and both front-end and back-end development workflows.

AQVILA SOFTWARE

Summer Intern as Software Development
Trainee

31 July 2023-25 Aug. 2023

- Worked with SAP Crystal Reports, Visual Studio Code, and Microsoft SQL Server while assisting in form-based application development and report design.
- Gained practical experience in JavaScript and strengthened understanding of software development workflows.
